map on a workstation

- Allow one workstation to talk to all others to do scanning, that way you only need one installation
- Download zenmap / nmap - <https://nmap.org/download>
- Quick scan:
 - o `sudo nmap -Pn -nv -sS -sV -O <machineIP>`
- Most comprehensive scan:
 - o `sudo nmap -Pn -nv -sS -sC -sV -O -p- --min-rate=2000 <machineIP>`
